

THE Gleichen Call

Twelfth Year, No. 25

GLEICHEN, ALBERTA, THURSDAY, SEPTEMBER 5, 1918

\$1.50 Per Year

Agricultural Association Meeting Encouraging

The meeting of the Gleichen Agricultural Association last Friday evening was the best attended for sometime past and proved quite satisfactory in every matter brought up.

Wm. Walsh reported that he had secured a man to start the work at once of repairing the buildings and fences and put them in proper condition for the winter. It was the opinion that it would be advantageous not to attempt to re-erect the grand stands at present, but to have all the lumber gathered up and piled up neatly ready for use in the spring. It was also thought best to secure the fence posts broken off and the top rails ready for the spring.

The repairing of the glass in the windows of the main building is also to be left until the winter is over, but the shutters will be secured, fastened and all the tables nailed up tight.

A committee was also appointed to receive quotations on the cost of giving the main building to coats of paint and empowered to have the work completed as soon as possible.

It was reported that quite a number had since the last meeting promised to purchase shares in the association and that others had contributed donations, but the members of the committee appointed were too busy at this season to give the necessary time for a personal canvass but that they would eventually get around to every person in the town and district. The advantages of having all interested to some degree in the association was felt paramount in continuing to make the association the success aimed at and which is now progressing most favorably.

President Dafe reported that Mr. Peter MacLean had consented to act as secretary for the Association which was most agreeable to all present but the appointment was deferred until the present secretary tendered his resignation, who was reported to be out of town for a short vacation and desired to be relieved.

The meeting adjourned on motion to meet again at the call of the president.

The greatest single crop in the world is wheat. More bushels of oats or rice, and as many of corn are produced, but from the standpoint of human nutrition, and as a reservoir of initiative and energy, the blue ribbon must be awarded to wheat.

Wheat adapts itself to most conditions under which any other plant can grow. At sea level or on mountainous mesa, in humid countries or arid, in the fierce heat of Egypt or on the cool plains of Western Canada, in loam or clay or sand, where the sun's rays slant northward or southward—the wheat grows. It imprisons sunshine and shower and whispering breeze within its glutenous cells, and supplies the noblest food mankind ever ate. Corn we must have, and oats and other cereals, but wheat is the golden grain of all the ages, past, present and future. Not beef, not mutton, or fish, or pork, not rice, but wheat; is that builder of the brain and drawn that dominate the thought and the destinies of the world.

F. Hill, of Gleichen, whose car was burned up in the recent fire at the Pepper garage, has purchased a new Franklin car.—Banff Crag and Canyon.

Ormond Nancarrow's Wound Proved Fatal

It was with profound regret that it was learned that Ormond Nancarrow, son of Mrs. E. B. Bremner, died at the Holy Cross hospital in Calgary at 10 o'clock last Thursday evening, as the result of the shooting accident in Gleichen on Tuesday evening and reported in our last issue.

The body was removed to the funeral parlors of A. M. Shaver, where the Rev. Mr. Fallis conducted services Saturday morning, after which a number of Gleichen and Calgary friends accompanied the remains to the last resting place in the Calgary Union cemetery.

The unfortunate boy was only eight years of age and the deepest sympathy of the entire community is extended to the grief-stricken parents in the loss of their only child. He was a bright, happy little fellow, liked by all his playmates and others who knew him. Mr. Lyons motored up with six of his playmates to act as pallbearers, and Gleichen friends did all they could to aid the bereaved ones, for which Mr. and Mrs. Bremner extend their most sincere thanks to all through The Call.

Many beautiful floral offerings were contributed by friends from Gleichen and Calgary, among which were the following:

Sprays—Dr. and Mrs. Hoey
Broken wheel—Grandma, and grandpa

Anchor—Aunt and Uncle Cassidy
Cross—Auntie Blanche
Pillow—Mr. and Mrs. E. B. Bremner

Bouquet—Mr. and Mrs. C. A. Cooper

Spray—Mrs. Nicol
Wreath—Ladies of the Gleichen Red Cross

Heart—Messrs. Bowen and Davies
Spray—Miss Beattie Hughes

Spray—Messrs. Livingstone and Johnston

Spray—Mr. and Mrs. F. K. McKay and family.

Calgary and Gleichen Matches Score Even

The double header baseball match on Labor Day proved rather disappointing in more ways than one.

Instead of Calgary sending down as promised the same team of "All Stars" that Gleichen played in Calgary sometime ago, a bunch of school boys arrived. Not one appeared to have seen his twentieth birthday, and the majority were light built boys of 15 or 16 years. It seemed a shame to put them up against our fellows, but things evened up a little when it was found several of Gleichen's best players could not leave the harvest fields and it was with difficulty nine players were obtained.

It soon developed the Calgary boys knew the game and were excellent little sports—in fact they put up a better game than the Calgary Musicians did here.

Gleichen won the afternoon game by a score of 5 to 3, which the Calgary boys exactly reversed in the evening.

As the Call staff took a holiday Labor Day the details along with other items are left over for another issue.

The Town Council has started some good work in repairing the streets.

Government Proceed With Irrigation Work

One of the important resolutions adopted by the Western Canada Irrigation Association at its convention at Nelson in July urged the Dominion Government to carry on at once, surveys and investigations so as to provide information as to the possibility and the probable cost of carrying irrigation water to as great a number of farmers as possible in the districts that can be supplied from the proposed diversion of the Oldman River.

That these investigations will at once be proceeded with is the statement just made by Mr. E. F. Drake, Superintendent of Irrigation, Ottawa. Mr. Drake advises that it has been decided to proceed at once to make partial field investigations and office study in connection with this matter for the purpose of determining the feasibility and approximate cost of extending this irrigation project.

The outstanding success of irrigation in Southern Alberta this year, in a season when other crops have suffered for lack of moisture, has emphasized its value, and the development of the areas referred to will extend the advantages of irrigation to another considerable section of agricultural land in Southern Alberta.

The social dances in the Opera House Monday night was a great success in every respect.

Miss L. Buckler has returned from Vancouver to visit her home for a short time, after which she will continue her nursing course.

Business at the hotels just now is very encouraging. Mine Host Neil at the Palace says he has been turning away from six to ten guests for lack of accommodation.

A congregational meeting of the Amalgamated church will be held in the church at 8:30 o'clock next Sunday evening to which a hearty invitation is extended to every person interested in the church.

The annual Amalgamated Sunday school picnic will be held at the North Camp on Tuesday, September 10th. Rigs will leave the church at 10 a.m. and all children or parents, whether they belong to the Sunday school or not, are invited to attend and to bring along their baskets.

Mrs. Wainright has been down from Calgary for a week visiting Mrs. Geo. Bell northeast of town.

New Food Board Regulations

On and after Sept. 1st the Canada Food Board is placing the public eating places under the most rigid regulations.

Merchants are not going to be permitted to supply sugar to any person or persons who have not a certificate from the Food Board, known as "Sugar Purchase Certificate." It is going to be necessary for the certificate to be produced when each purchase has been made.

Some time ago the Canada Food Board called for records from each public eating place on the quantity of sugar they used during the past year. Now such places are in receipt of "Sugar Certificates," on which it is plainly written what amount of sugar may be used in such places for the remainder of the year of 1918. The Food Board simply took the quantity used last year, sliced off 40 per cent., and give them the privilege of using from now on the balance.

Public eating places are now called upon to do something stringent in order to make their allotment go around. It requires a certain amount to make the pastries and sweets, to say nothing about the daily requirements for the table in beverages, etc.

Very soon, too, private households will be put on rations, a certain quantity per person being allotted each member of the household. The allotment is said to be two pounds for 90 meals.

Wm. Damarcy, lately with McLean & Tucker of Nobleford, arrived here last week to take charge of the Bawlf grain elevator, successor to the Imperial. He is stopping at the Palace Hotel and is anxious to meet all farmers, who are looking for high prices for their grain.

The Blind Creek picnic resulted in \$350 being handed over to the Red Cross. A report of the event promised has not yet reached this office.

Correspondents will do well to remember The Call goes to press a noon each Wednesday. Send in all the news possible on Monday and we will do our best with the rest if it reaches us Tuesday night.

Notice of Estray Animals—On the premises of E. L. Sayer N. E. 1/4 15-21-25 W. 4th M. P. O. Blind Creek. Black gelding about 3 years old, left hind foot white below fetlock, white strip on face, wire cut in front of both front legs above knees. Weight about 1050 or 1100 lbs. No visible brand.

Notice of Estray Animals—On the premises of Geo. Mace sec. 19-21-25 W. 4th M. P. O. Blind Creek. Branded 45 left hip bay gelding, dark mane and tail, white star on face, white strip on nose, some white hairs on legs, about 4 years old weight about 1100 lbs.

NOTICE

The Peoples Market Ltd.

Wish to respectfully notify all their patrons that they are doing a strictly Cash Trade.

They would very much like to accommodate those who wish credit but would not like to discriminate among their many customers, and, as it would be impossible to extend credit to all, they have, therefore, decided to deal only for cash, except to stockholders, who may have credit for 30 days only, and to the extent of fifty per cent of their paid-up stock.

Any customer, therefore, wishing to run an account with The Peoples Market Limited is invited to subscribe for stock, and, besides obtaining interest on their investment, will receive at the end of the year a co-operative dividend on all the business transacted with their company.

OLUNY

Lazell & Parr Sell "Eugene" to O'Brien Edward's of Chevalier

Mr. O. Edwards is now the owner of the grand stallion "Eugene" (7393), which he bought from Lazell & Parr, paying the sum of \$4,500.

"Eugene" was a winner at the Iowa State Fair and International Fat Stock Show in 1916; he was also fourth in the open class at the Iowa State Fair in 1917; also fourth at the Minnesota State Fair in 1917.

"Eugene" won the grand championship at the Edmonton Spring Show this year, and was the four-year-old champion at the Calgary Spring Show in 1918.

He went to Edmonton Summer Show and made a clean sweep in all classes that he was eligible for, winning first in the four-year-old and the aged class, grand championship, first prize, awarded by the Percheron Society of America; also first prize awarded by the Percheron Society of Canada.

This horse is without doubt one of the best stallions ever imported into Canada, and has been in the money every time he has been shown.

Mr. Edwards, the purchaser of "Eugene," is one of the most progressive farmers in Western Canada; his crop this year is estimated at \$60,000; he has also 500 tons of hay for winter feed, with which to feed his 300 head of high-class cattle, and his horses, which are hard to beat.

He is now going in for pure-bred Percherons, and has sure made a good start in the purchase of "Eugene."

Those sending cigarettes to the boys at the front need not send any to Pte. T. W. Bates or Trooper F. C. Bates as they do not use tobacco, but Sapper J. Bates, who will appreciate them, his father states.

Insurance in All Branches

It is Better to be Safe than Sorry!

That is why so many farmers in Canada and the U. S. have placed their orders for the Famous Case Company Tractors

9-18 Oil Tractor \$1360.00
10-20 Oil Tractor \$1585.00

These Tractors are recognized by all discriminating farmers to be the most reliable and suitable farm tractors for all conditions.

You require a Tractor right now.

W. R. McKIE,

Agent, - - - - - Gleichen

To Coal Consumers

How about that supply of Coal for next winter? Don't you think it would be wise to get it now while the getting is good! If so, just Phone 37, and place your order for the best coal obtainable in Gleichen.

We are sole agents for Galt and Newcastle lump. Owing to the great demand through the west for Galt Lump we are able to obtain only a small portion of this coal, but have a good supply of Newcastle. This coal is high in carbon and low in ash, and we highly recommend it as first-class burning coal. Ask those who use it.

Now is the time to have those pictures framed. All kinds of on hand, see G. W. Evans.

The man who whispers down the well
About the goods he has to sell
Will never reap the golden gleams
Like he who climbs the tree an hollers.

BUY AN IRRIGATED FARM

FROM THE CANADIAN PACIFIC RAILWAY

BECAUSE:

Irrigation makes the farmer independent of rainfall, and in sure good crops, not occasionally, but every year.

Irrigation makes possible the successful culture of alfalfa, the king of fodders, which insures good returns in dairying and mixed farming.

Irrigation means intensive farming and close settlement with all the advantages of a densely populated agricultural community

Irrigation in the Canadian Pacific Railway Irrigation Block is no longer an experiment, the years that it has been tried having absolutely demonstrated its success wherever in intelligently applied.

This is the most liberal offer of irrigated farm land on record. For full particulars apply to

ALLAN CAMERON, Gen. Supt. of Lands
Canadian Pacific Railway, Dept. of Natural Resources, 923 1st. St. E. CALGARY, ALBERTA

You can buy irrigated land from the Canadian Pacific Railway at prices up to \$50 per acre, with 20 years to pay and the privilege of a loan of \$2,000 for improvements (6% interest) no principle after first payment until end of fourth year, reduced interest if settlement conditions are complied and no water rental for first year. Contract can be paid off before maturity if desired.

Change in C.P.R. Train Service

Effective August 18th, 1918, there will be a general change in train service.

Times for trains at Gleichen will be:

No.1	No.3	No.2	No.4

Trouble Galore to Get Harvest Help

Calgary Canadian:—
"You voted for Borden. What did he promise you? That no men would be taken from the farms. Serves you right." Thus the answer of a Ninth avenue labor lizard to G. P. Muir, a farmer with 800 acres at Gleichen, when he asked the aforesaid lizard to come and work for him at four-fifty per. Mr. Muir, despairing of getting men, came into Calgary on Tuesday night at 6 o'clock, and started to canvass Ninth avenue. He worked steadily, until 11 p.m., trying to work on the feelings of those who lounged under the lamplight. He tried every means known in the laws laid down in "Sales and Salesmanship" regarding the proper approach to those of whom you would request a favor. He touched his hat respectfully, and never butted in at an inopportune moment.
He tried again Wednesday morning, and with no better success. When they tried to argue politics in the matter, he quit, and sought refuge in the provincial labor bureau.
They know me now, those fellows on Ninth avenue," said Mr. Muir. "I got past the point of regarding the niceties of polite conversation. I simply hailed and yelled, 'Hey, fellow, I've want a job?' There's nothing doing. My private opinion is that those fellows have got a stake and want to get it spent first, before they start out again. I have 100 acres lying on the ground at Gleichen, and the binder going steady. I offered two fellows the job by contract, guaranteeing them \$10 a day that way, but they would not sign up."
The labor situation has not improved any since the report last week. There are applications for 235 men on the books at the labor bureau, and there seems little chance of filling the orders.
Mr. Muir stated that many of the farmers at Gleichen had their

What Will You Do For Help?

FARM help is scarce, but this condition can be relieved to a marked degree by using machines that accomplish more work in a given time with less man power.

Why should the farmer cling to horses—a slow, expensive means of power—when every other business is adopting the truck and thereby reducing the cost of hauling, speeding up deliveries, and saving for human needs the food that the horses would otherwise consume?

The motor driven truck can work constantly at maximum load under the burning summer sun, or in the coldest weather. Unlike the horse it needs no rest while working, it eats only while in actual use, and when the day's work is done it requires very little attention, and leaves you free for other "chores" about the place. Then, it can be housed in one-quarter the space of the horses, wagon and harness it replaces.

It is a mistaken idea that a truck is useful only for driving upon paved roads. The Ford can be driven all over the farm, and used for hauling grain, potatoes, fruit, roots, fertilizer, wood, stock, milk or any other product. The speed it travels, the time it saves, and its low upkeep cost appeal very strongly to all users of the Ford Truck. If you need help, order your Ford One Ton Truck today.

All prices subject to war tax charges, except trucks and chassis

wives and daughters on the binders, and the boys out stooking. He has applied at military headquarters but they have no men available. At the Returned Veterans' labor bureau, what applications they have from men wanting to go out are sent round to the provincial bureau. Two farm laborers came into the provincial office this morning and stated that they had been told by the employment agencies on Ninth avenue that they knew of no such place as the provincial labor bureau. They paid their dollar fee and then were informed by a soldier of the whereabouts of the provincial bureau.

Local and District News

Gus Holmes of high River is spent a few days in town last week.

Archie Ferguson of Calgary spent Monday in town and duck shooting.

Jack Wyndham of Dorothy spent the latter end of the week at the Palace.

Hear the Rev. Mr. Mathewson of Namaso next Sunday at the Amalgamated church.

Charles Lasher is spending a few days in the district, surprising his threshing outfits.

Mr. McMillan of High River spent two days in town last week on government business.

R. Broderick of Eastway spent a day in town last week on business and seeing his many old friends.

Jack Bullock is in town demonstrating the McLaughlin, which he prefers to potatoe digging.

Travellers arriving from Calgary are nearly tickled to death with the magnificent light on the pole between Ramsay's corner and the Palace.

The regular monthly meeting of the Women's Institute will be postponed one week, and will be held on Friday, September 13th, at the home of Mrs. Wm. Walsh.
